Discuss requested modification to December minutes from Barbara Howell:

- I did find one typo under Secretary - Barbara has an extra a in it.
- The treasurer recap is incorrect. The actual total income for the month of November is \$2,125 with the November expenses being \$3,445.43 leaves a net for the month of -\$1,320.43.
- To make what you wrote correct, change Total Deposits to **November beginning checkbook balance: \$11,636.83 then it will be accurate.**
